

Learn How to Mediate Via Webcam

As interest increases in the mediation arena in ODR technologies, web cam mediation options are in much greater demand.

In an effort to help mediation practitioners broaden their understanding of webcam mediation, Amicus is offering a discounted training on our webcam platform, Xpedimeet.

Parties will learn how to:

- Conduct a mediation fully via webcam
- How to assist parties or identify troubleshooting resources for technical issues that may arise
- Understanding and accommodating the variables that may exist when mediating remotely
- What items to add to your mediation agreement to ensure confidentiality
- Tips for building rapport and reading remote parties

Webcam Mediation Training

July 20th

3:00 – 4:30 PM EST

* includes training and pre -training tech instruction to aid new technology users

Space is limited !
